

GABRIEL ARAÚJO

São Paulo – SP, Brazil | gabriel.araujo2902@outlook.com.br | github.com | linkedin.com/in/garaújo

Microsoft .NET Core and Angular developer with 1 year of practical experience and 2 of theoretical knowledge. A focused, goal-oriented professional with strong commitment to continuous personal and professional growth. Possesses excellent communication and presentation skills, demonstrating confidence and clarity.

EXPERIENCE

2024 - Present

Focus Têxtil | Full-Stack Developer | São Paulo, SP

I worked with NodeJS for React, Angular and Nest applications. I also worked on one of our biggest applications in recent years. Led system improvements and refactoring. I was responsible for designing UI on critical applications and documenting key legacy systems to ensure continuity and understanding. Additionally, I utilized Docker for efficient application containerization and deployment.

EDUCATION

January 2023 – December 2025

Technical Course in Software Development | São Paulo Technical School (Etec)

- Maximum grade in most of the Course
- Relevant activities: class representative and part of the student government
- Led developer on exhibition projects
